DATES TO OCTOBER 30.

Cuban Affairs.

NEW YORK, Oct. 30.—The *Tribune* has a letter signed "Cuban," which says the revolutionary ... in session in the city of Havana October 23d, and declaring that the official accounts of the state of affairs in Cuba are, in the main, false and unreliable. The revolution in Cuba, so far from having died out, is steadily progressing and will only die out when the Spanish rule ... Cuba shall have expired. Appended is a summary of the progress of the revolution. Nearly all the eastern provinces are in insurrection. The Provisional Government has sent troops there. The revolutionists have divided into small bands and will carry on a guerilla war until they get forces strong enough to cope with the Spanish troops with a fair prospect of success. The Cubans all over the Island are enthusiastic, but in want of arms. Several Cubans had been arrested in Havana on suspicion and confined in Moro Castle on the 24th. Trustworthy information ... 4,000 whites and 8,000 negroes. The ... Insurgents have full sway in a large section of the country. If the measure should become necessary, there is a determination to declare for immediate emancipation, and call on the negroes to arm against the Spaniards.

Miscellaneous.

NEW YORK, Oct. 31.—The Republican State Committee has issued an appeal to the people, urging them to investigate fully and challenge fearlessly, and fail not to ...

The *World* charges that 10,000 ... from Vermont and Massachusetts are colonized in the border counties of New York, with the intent to vote on Tuesday.

General Rosecrans publishes a letter contradicting the statement that he does not intend to go to Mexico. He says he will go as an American citizen who loves his country, in whose welfare he has always felt a deep and sincere interest.

Governor Fenton has appointed November 26th as Thanksgiving day.

AUBURN, Oct. 31.—Secretary Seward will speak to-morrow on the political issues.

NEW YORK, Oct. 30.—The *Times'* Madrid letter understands that the appointment of a new minister to Washington has been already decided on. The new embassador will be Senor Mauraco Lopez Roberts, one of the most active promoters of the revolution.

The Biscay *Journal* announces that the General Junta of that province has declared itself independent and sovereign so far as the interior government is concerned. In this fact already looms up the greatest difficulty which liberal monarchy will have to deal with.

BY ATLANTIC CABLE.

LONDON, Oct. 30.—Maps are said to be prepared by order of the French government, and have been issued to show that the Emperor has strictly regarded the frontiers as laid down in the treaties with the neighboring powers. It is inferred that this explanation is made to cover the Emperor's abandonment of a war policy.

Scientific expeditions to the North Pole are now preparing, one at Bremen, under Peterson, and another at Havre under Lambert.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, Oct. 31.—The Democrats have made extensive preparations for a torchlight procession to-night.

The Grant Invincibles and Freedman's Defenders publish cards postponing their usual Saturday evening meeting, in order to avoid giving the Democrats any opportunity of providing a disturbance with them.

James Otis, Chairman of the Union Republican State Central Committee, publishes an address to the order-loving people of the city, counseling them to organize Committees of Safety in each election precinct to secure order on election day.

The Chief of Police, Judge and Mayor will appoint a large force of special officers for the preservation of peace on election day. The force will be under the control of the Chief of Police, and will be enjoined to abstain from electioneering in any way and from taking part in discussions.

Republican speaking for the campaign will close on Monday night with a grand mass meeting in front of the Montgomery Block.

A large and enthusiastic meeting of the Soldiers and Sailors' Grant Club was held at Congress Hall last night.

Senator Williams at Jacksonville.

JACKSONVILLE, Oct. 31.—Hon. G. H. Williams made a powerful speech here to-day. The meeting was largely attended. Many ladies were present. The senator will leave to-morrow morning overland to San Francisco, on his way to Washington.

Sentenced to the Penitentiary.

ALBANY, Ogn., Oct. 31.—The jury in the case of the State of Oregon against Frank Dalton, charged with forging a note of $200 on A. H. Marshall of this city, found him guilty of the crime, and he was sentenced, by Judge Boise, to two years in the Penitentiary.

Political Brevities.

Our Democratic neighbors are whistling manfully to keep their courage up, but the whistle sounds ominously like a death rattle.

It is funny to note how unanimously the Democratic organs try to make out that the recent Republican triumphs in the East are Democratic victories."

It should be remembered that the Pacific Railroad bill was passed by a Republican Congress. That bill and that road are, therefore, good and exclusive Republican thunder.

The New York *World* charges the defeat of the Democracy to Blair. The *World* is unjust to Blair. It is Wade Hampton and his brother rebels who were offered front seats in the Convention who defeated the party.

The largest arguments against Grant is a recent saying of Robert E. Lee, to wit: "*If the Democrats do not triumph in this canvass the country will be ruined.*" Those who believe in Lee's style of patriotism will take his advice and vote for Seymour and Blair.

The Debt of the United States, in 1857 was about $29,000,000. In 1860, it was $60,000,000. The model Democratic administration, of James Buchanan thus, more than doubled the debt. A pretty party to ask the opportunity to reduce the debt.

Horatio Seymour said *it would be madness to muster armies to occupy the Southern territory.* Grant said not so, and undertook the work. Who was right, the Croaking Statesman or the mad General? And whose wisdom is best to trust in restoring the South?

Not one single Union man from the South was in the New York Ku Klux Convention as a delegate. The managers of the concern have been repeatedly challenged to name one and they cannot do it. Every delegate there from that section was not only an original unconverted, but present rebel.

The Democratic Party *ran the country into debt* during the four years of James Buchanan's administration *one hundred and fifty thousand dollars every single week*. The Republican Party, in three years, has largely reduced the debt. And yet Democracy ask the purse strings!

Horatio Seymour said that *... by the North is as ... by the South.* Grant said not so. And himself led in that work of coercion and so secession was not successful. Who was right, who was patriot, the Croaking Statesman or the fighting General? If Grant was right and Seymour wrong, whose perception is the Nation's best hope.

The Democratic Rebellion cost four thousand millions of dollars. Three-eighths of that cost has been liquidated. And yet the Rebels and their sympathizers proclaim that the debt ... the power of the Nation should be put in their hands in face of that fact that they more than doubled the debt in the four years they last held power!

LAST NIGHT'S DISPATCHES

Stockton Dispatch.

STOCKTON, Nov. 1.—Last night Stockton was wild with political enthusiasm. Both parties appeared in torchlight procession. The Union procession was about one-third the largest in point of numbers, the latter numbering four abreast, and the Democrats two. Both were admirably conducted, and while the lines were moving the city was in one grand blaze of illumination. The marshals and their aids displayed great tact and energy in putting the immense processions in motion, and at nearly every corner each party was greeted with spontaneous bursts of applause by their respective friends. Mass meetings were held and were addressed by prominent speakers, the Democrats on Center street, and the Republicans on Hunter street. To the credit of Stockton be it said that the people have set an example creditable to their manhood and in keeping with the dignity of peace-loving citizens. One of the features in the Republican procession was the presence of Mr. Philip L. Shoaff, proprietor of the Stockton *Gazette*. Prior to the recent elections in the east Mr. Shoaff ... with A. Belden that if Pennsylvania went Republican he would walk arm in arm with Belden in a Republican procession in this city, hence his presence last night ... The gentleman ... bravely last night, but is said to be very weak this morning.

"Talk" with Chase.

WASHINGTON, Oct. 30.—Chief Justice Chase, in conversation with a prominent gentleman on Thursday last, said he should not vote at the Presidential election, as in the present condition of affairs, he considered it his duty to remain neutral. It was his firm belief that General Grant would be elected ... the vital question at issue in this canvass, was that of reconstruction in the Southern ... Republican party upon the question of tariff, he believed the Democratic theory correct, and in time it would prove so. He prophesied that General Grant's election would inevitably result in the disruption and disorganization of the Republican party, out of which would spring a party that would meet the living issues squarely before Grant had been President one year. Chase expected to see one-half of the House of Representatives arrayed against whatever Grant's policy may be.

More Democratic Frauds.

ALBANY, Oct. 30.—David Allen, Chairman of the Democratic Naturalization Committee of Troy, was brought before United States Commissioner Frothingham to-day on a warrant, charging him with forgery in altering certificates of declaration of intentions. After examination he was held in the sum of $30,000, to appear at the November term of court.

NEW YORK, Oct. 31.—Commissioner Osborn to-day held that evidence warranted the holding of Rosenberg in $10,000 bail on the charge of issuing fraudulent naturalization papers. Bail was procured, but he was immediately arrested upon a similar charge, and bail was again procured, when he was again arrested on a bench warrant taken out before Judge Blatchford. It being found that there were nine fraudulent certificates of naturalization he was required to find bail in the sum of $1,600 on each of the main charges.

Several more arrests were made to-day for fraudulent certificates. Two were discharged and two held in $4,000, and two in $2,500 for trial. It is stated that the Grand Jury has found indictments against nine prominent politicians in this State for issuing fraudulent naturalization papers.

PHILADELPHIA, Oct. 31.—A petition contesting the election of D. M. Fox as Mayor has been filed in the Court of Common Pleas. The specifications of fraud, etc., are similar to those in the case of other officers whose elections are contested.

Army Order.

WASHINGTON, Oct. 30.—General orders have been issued from Army Headquarters by command of General Grant, publishing by direction of the President the provisions of the Constitution and laws in relation to Presidential elections, together with the law prohibiting all persons in the military or naval services from interfering in any general or special election.

Democratic "Peace" Measures in Arkansas.

ST. LOUIS, Oct. 30.—The *Democrat's* Little Rock special says Captain Willis, a Bureau agent, and Captain Anderson, an Assistant Assessor, were assassinated by the Ku Klux Klan, on the 24th.

A dispatch from Memphis to the district headquarters here asks General Smith to send twenty men to Marion, Arkansas, immediately, and adds if this is not done there will be hardly a loyal man left in the country. Six men have been murdered in Crittenden in two nights and several others shot for burying them.

Railroad Accident.

CINCINNATI, Oct. 30.—A freight locomotive while working at a gravel pit on the Ohio and Mississippi railroad, eighteen miles from this city, exploded last night, killing the conductor, fireman and three boys who were standing near, and wounding the engineer and brakeman.

The Crops.

WASHINGTON, Oct. 31.—The Department of Agriculture has issued a report upon the condition of crops for October. It says the full promise of the early summer has not been realized in the wheat harvest. An excess of ... over that of last year in its effect upon the aggregate production is nearly neutralized by a small diminution in some of the wheat growing States in the yield per acre, so that the increase in the quantity, as shown by the October report, is scarcely more than three per cent., and that is obtained mainly from the Pacific coast. The averages for October appear to show a decrease of production in Maine, New Hampshire, Massachusetts, Connecticut, New Jersey, North Carolina, Georgia, Alabama and Texas, the last mentioned having only half a crop. The other States indicate an increase mostly east of the Mississippi.

The Rebel Suits Against Butler.

BALTIMORE, Oct. 31.—In the cases of Woolsey and Kimberly Bros. against General Butler, a decision was given to-day by Judge Dobbin, on the motion to vacate the summons and declare them illegal. The opinion is lengthy and concludes as follows: I am of the opinion that the privileges of Senators and Representatives are secured to them by the Constitution and exempt them fully from actual arrest of their persons, ... upon them of such process, a disregard of which would expose them to attachment for contempt or other personal molestation, but as the writ and summons in these cases involves none of these consequences I shall overrule the motions respectively made in them.

Notable Death.

C. H. Gunther, father of ex-Mayor Gunther, one of the oldest merchants in this city, died to-day and will be buried to-morrow.

MADRID, Oct. 30.—Senor Ravaina has resigned his office under the Provisional Government.

General Dulce has finally accepted the appointment of Captain General of Cuba, and he will shortly sail for Havana.

LONDON, Oct. 30.—The South American mail steamer, from Rio, on the 9th, has arrived.

The latest advices from Paraguay state that General Lopez is entrenched at Violetta with all his forces. The Allied army was near at hand and news of a battle was daily expected.

The Portuguese Consul had been forcibly taken from the American Legation at Assumption and shot.

The United States war steamer had gone up the Paraguay river and a peremptory demand would be made by the American commander for redress.

The recent conduct of Mr. Washburne, United States Minister to Paraguay, is very much censured at Buenos Ayres.

OUR SAN FRANCISCO DISPATCH

SAN FRANCISCO, Nov. 1.—The great Democratic procession for which the Democrats have moved heaven and earth came off last night. There were about 5,000 in the line. ... enthusiasm in the ranks but none outside. Montgomery street was almost entirely darkened, people generally putting out lights and pulling down curtains. There were not over fifty illuminations in the city. The procession passed through the streets unmolested. The outrages perpetrated by Democrats Tuesday and Wednesday are having their effect.

There are now thirty-four thousand names on the Great Register.

CONFUSION WORSE CONFOUNDED.—The San Francisco *Chronicle*, 22d instant, says:

The scene at one of our first class hotels yesterday morning is described as one that would have been regarded as exceedingly funny under other circumstances. All of the boarders made a simultaneous break for the open hall and stairs without stopping to dress, and the halls were soon filled with a crowd of men and women in undress uniform, or a uniform undress. One individual was taking a bath in the upper story when the shock commenced. Forgetting his condition he rushed frantically into the hall. A frightened lady in her night-dress, rushed up to him, grabbing his wet arms, imploringly inquired, "Oh, what shall I do, Sir? what shall I do?" It is stated that the man was ungentlemanly enough to refuse to listen to her appeals or give her the advice which she sought, but abruptly sprang away and regained his room, leaving her nonplussed at his inexplicable conduct, so great was her fright.

The *Oregon Herald* still ... that the Democracy is a white man's party. In Arkansas the Democrats are sending the negroes circulars, telling them that, "If you don't vote with us we'll kill you shor as hell."

'Partisan Motives'

The Democratic members of the Legislature issue an address to the people in which they characterize the resignation of the Republican members as "a bold and criminal attempt, through official corruption, to overthrow one department of this Government, and involve the State in confusion and danger." It is certainly edifying to be told that it is unlawful and "criminal" for persons holding office to resign. And it is especially edifying to hear this from men who never uttered a word of disapproval when their Democratic brethren left Congress only a few years ago, and went home to organize a rebellion against the General Government. The Republicans at that time did not complain of their leaving or pretend that the act was unlawful, what they complained of was the action of the resigning Democrats in organizing armed resistance to the authority of the United States. But no word of censure upon these proceedings passed the lips of Whiteaker, Stout, or any of these now indignant Democrats. There was nothing criminal in the conduct of the Democratic Congressmen who resigned and formed an armed conspiracy to overthrow the Government but when Republican members of our State Legislature resign, go quietly home, obey the laws and mind their own business, it is "a criminal attempt" against the peace and integrity of the State. This is Democratic logic.

Again, it was quite right for seven Democratic members of the State Senate in 1860 to sneak away from the Capital in the night, and be concealed for three weeks in the woods and swamps, so that the Senate should have no quorum to transact any of the business of the session. But it is "criminal" for the Republican members of the House, after remaining at the Capital several days longer than the usual time, and aiding to finish all the business of the session (except the appropriation bill, which the Democratic majority refused for three successive days to pass), to resign their seats in an open, honorable way and leave the Capital as honest men who had discharged their duty, and not as fugitives to skulk away from the sight of men, after the example set by illustrious Democrats in former Legislatures. This is another specimen of Democratic logic.

In this address the Democratic members say that they assembled at the Capital "for the purpose of discharging their duty as Legislators, actuated by no partisan motives inconsistent with their constitutional obligations." Doubtless they would like to make somebody believe that they were actuated by no partisan motives when, instead of having all the new Senators cast lots as required by the Constitution they restricted the allotment to Multnomah county for fear that if all should draw, the short term would fall upon one of the Democratic Senators from Eastern Oregon. Doubtless, also they would be glad to make it appear that "they were actuated by no partisan motives" when they gave Stout a seat in the Senate upon the very same grounds on which they *refused* admission to Sels. Of course there were no "partisan motives" in these operations!

Equally clear of "partisan motives" and quite as consistent with their "constitutional obligations" was their act nullifying and virtually pledging themselves and the State to resist a portion of the Constitution of the United States. Of course no "partisan motives" inspired their gross insults and indecent denunciations of Congress. Likewise "partisan motives" had nothing at all to do with the gross indignities which they heaped on the Republicans in both Houses from the beginning to the end of the session. We have not time to particularize further, and can only say that the entire proceedings showed the same absence of "partisan motives" as the instances we have named. Democrats are not partisans, oh, no! This immaculate Legislature has shown that!

A Second Surrender

Gen Simon Bolivar Buckner has again surrendered. This illustrious Democrat who was so unfortunate at Fort Donelson, sometime ago seized the pen, that mightier weapon than the sword, and undertook through the columns of the Louisville *Courier* to annihilate General Grant. Editor Buckner thought he was doing remarkably well in proving that Grant is "of an inferior order of capacity, and singularly deficient in all the attributes of true statesmanship." But since the late elections Buckner again "surrenders unconditionally" to Grant, acknowledging his submission in the following bulletin which he publishes in the *Courier*:

> Sufficient returns have been received to indicate the defeat of the Democrats in Pennsylvania, Ohio and Indiana. They have made a brave and determined fight and have gained a few members of Congress, though not to the extent anticipated, and, although the majorities against them are not large, yet it is useless to attempt to conceal the fact that the verdict of *yesterday* virtually decides the Presidential election. Our people must make up their minds to the fact that Grant will be the next President. We earnestly hope that the apprehensions so generally entertained of the evil that will follow this result will not be realized but that a new era of peace, quiet and prosperity may dawn on the country.

The Election To-morrow

We learn that many of the business men of the city have expressed a willingness to close their business houses on election day if others generally will join in the arrangement. We hope to see this done. In San Francisco regular business will be discontinued and the day will be devoted to the duties of the election. Supporters of Grant and Colfax, not one among us should be idle. It would be glorious to carry Oregon for our candidates and by a strong effort we may do it.

Our Republican exchanges are full of enthusiasm and rejoicing. Our Democratic exchanges are full of abstruse [illegible] ... the late elections [illegible] figures.

Murders by the Ku Klux are [illegible] all through [illegible] ... will exercise a sedative effect on the Democratic negro killers.

A Boy's Conundrum.—Why is the letter R like the general election? Because it is the end of Seymour and Blair.

Great Republican Meeting To-Night

To-night the Republicans of Portland will hold a great meeting preparatory to the election of to-morrow. Speeches will be made by Hons David Logan A B Meacham J H Mitchell A C Gibbs and others. The meeting will be held at the old theatre on Stark street. Let every Republican voter in the city be prepared to come out to-night!

We Shall Have Peace

The election of Grant will bring it. The rest and peace which should have followed the capitulation at Appomattox have been defeated and delayed by the perversity of Andrew Johnson and the malice of the rebels. The election of Grant will remove these obstructions and give us peace based on rebel submission. This submission is what the country expected when Grant received the surrender of the rebel armies. It is the only basis on which peace is possible. Southern rebels and Northern Democrats are in a fair way to be taught again which was the defeated and which the successful party in the late war. For some time their ideas have been confused on this point, and Wade Hampton and Admiral Semmes have even gone so far as to imagine that they and their political friends were the victors in the great struggle. The election of Grant will cause them to abandon this idea. Then we shall have peace.

A Meek Hangman

The poet of the *Lady of the Lake* tells us that time rolls his ceaseless course and men grow old,—an observation which we have never seen particular reason to take issue with. But senescence does not always soften asperities of temper or preserve men from acts of petulance and folly. Years ago there was a somewhat noted citizen of Oregon who was known to our people chiefly by the descriptive title of "the meek mannered old gentleman." He is still among us, but we shall protest most vigorously against his bearing that title any longer. Age is developing his combative propensities, and now instead of finding in him that mellow benignity which his antecedent life had promised, we see him developing a truculent spirit, hear him speaking the harsh language of vindictiveness and find him threatening the most dreadful things to those who incur his displeasure. But this change may be the result of his late associations. For he is now a member of the Legislature, and is therefore in a position which has tempted many persons to commit a multitude of sins. In the case of this gentleman, the transformation has been so great that he is changed from the proverbial "meek mannered man" to the unpitying hangman. The Governor of the State has aroused his ire, and he expresses his regrets that he and his legislative associates have not power to remove his Excellency from office but predicts that they will yet have a chance to *hang* him, and that the tree is now growing on which he will one day ignominiously swing. The business-like air in which this matter is talked of is hardly equalled by the widely celebrated and much respected Mr Dennis, the professional hangman in *Barnaby Rudge*. Perhaps one of the objects of the March session is to hang the Governor. Be that as it may, it must awaken general regret to see the meekness of mature manhood transformed into rudeness, not to say downright ferocity, in old age. This is what one session in a Democratic Legislature does for a man!

"Second Violin not so Loud."—Among the transparencies borne in the Republican processions at Ottawa lately, the largest political meeting ever held in Illinois was a cartoon, entitled "The Democratic Orchestra." The first fiddle is Horatio Seymour, second fiddle, Frank P Blair, with Wade Hampton, Forrest, Vallandigham, Morrissey and the rest of the musicians arranged in proper order. The leader of the orchestra (August Belmont), with a frown on his face, points his baton to Blair and exclaims "Second violin not so loud."

The Lafayette *Courier* takes the result of the late elections more philosophically than any other Democratic paper we have seen. It says that "it is not of the slightest importance how many votes the Republicans gain in New England and Pennsylvania, for every white vote we (Democrats) lose, we are bound to gain twenty in wool and shinbone votes down South!" Now that is encouraging for the "white man's party." The *Courier* belongs to the "progressive Democracy." Next thing all the Democratic organs will be denouncing the "Radicals" for being too aristocratic to associate with "our colored fellow citizens!"

The following item is from the Chicago *Republican* of the 16th of October: "New York city was almost emptied of her roughs, on Monday, the plug uglies having gone to Philadelphia to swell the Democratic vote. It is also affirmed that the spoke factories in the "Quaker City" had been busied for several days in turning out clubs to be used on election day by Democratic shoulder hitters. A large number of bullies also migrated from Baltimore and Washington."

Says the San Francisco *Bulletin*: "The people of the United States are now, for the first time in the history of the country, treated to the remarkable spectacle of a candidate for the Presidency speaking from the stump in his own behalf, and of the actual President electioneering publicly for him against the party to which he owed his elevation. The candidate has the chivalric determination to stand by a sinking cause."

Judge Pierpont, one of the Sachems of Tammany, has pronounced for Grant. John W Bennett, a member of the Tammany General Committee, has resigned, denouncing the Democratic managers' ring as an oligarchy which, professing to be Democratic, has not the first element of it in its composition. The "happy family" is having a variety of troubles at this time.

The Copperhead papers of Oregon continue to make the most amazing drafts upon the credulity of their stupid, stolid, besotted partisans, telling them that the signs portend a great Democratic triumph in the Presidential election. Nothing but a blow on the head from a pile driver would knock the conceit out of these thick pated dolts, and that blow they will get to-morrow.

The Ku Klux ruffians of New Orleans and other places in the South are already crying for peace. They have heard from the October elections and all they ask is to be let alone. When the mighty Republican column is heard from on Tuesday every one of these murderers and desperadoes will be begging for a new parole, conditioned upon obeying the laws where they reside.

General Steedman recently addressed a Democratic meeting at New Orleans at which there were two significant transparencies. On one was "Go home you carpet bagger." On the other "Internal revenue." The satire [illegible] ... Steedman being a [illegible] Collector of Internal Revenue.

The Ku Kluxes of [illegible] county, Kentucky, publish an order disbanding their organization until [illegible]. We [illegible] the Oregon Rump Legislature [illegible] on the 4th of March next.

Some of the Eastern papers are talking of Henry Ward Beecher for United States Senator from New York. Gammon, of course.

The Situation

The San Francisco [illegible] gives the [illegible] situation in a nutshell. It says: "The war is renewed. Grant is again leading the Union forces to victory, while the Democracy, under the leadership of Seymour, Blair, Bob Toombs and the redoubtable Wade Hampton are fighting the lost cause of 1861 over again. Ben Hill, Governor Vance, Fort Pillow Forrest and Admiral Semmes are on one side [illegible] eloquent as [illegible] in defense of the Union and the Constitution, strongly backed by the heroes of the [illegible] massacre, the New York riots and all the other friends of the complaisant Mr Seymour while [illegible] them and conspiring for the destruction of the Union and the Constitution and the overthrow of all our liberties is the drunken butcher Grant, aided and abetted by the entire mass of wicked radicals who elected Lincoln, destroyed the patriarchal system and waged a bloody Abolition war against Jeff Davis' Confederacy." Such is the situation in brief. The lines are pretty clearly drawn, and there is no possibility of mistaking them. Those who know where they stood in 1860 and in 1864 and who have not repented of their course then must know where they belong to-day. It is the same battle over again. Those who were with Jefferson Davis, Lee and Hampton then ought to stand by them now, those who were with Lincoln and Grant then must go with Grant now—unless they have been converted to Kukluxism.

Salem Correspondence

SALEM, Oct 30, 1868.

EDITOR OREGONIAN:

The elongated visages of a few of the fragmentary band still wander in our streets, with carpet bag in hand looking for a few more copies of [illegible], or perchance a few more bottles of mucilage.

The "Gentleman from Multnomah," who so constantly admonished the faithful with "exhortation and prayer" stalks through the highways like Hamlet's ghost, with none to console him in his deplorable condition.

I learn that some who held warrants on the Treasurer realized par value, and some even received a premium. This was not by Democratic strategy, but simply by an act of management on the part of a few Republicans. It appears that some of these *honest* Ku Kluxes had borrowed small amounts for a few days on short terms about two years since and had failed to connect up to the present term. The Republicans pressed for payment and finding no assets save a few "Chinese bills" "Statistical Bureaus" &c concluded to take the warrants on the Treasury at par even if they were not payable for two years, and give receipts in full. Noble, generous men. It was generally supposed that the "enlightened, intelligent majority" had actually taken a recess until the 4th of March next, but notwithstanding a public announcement had been made and a valedictory delivered, the House of Representatives was crowded as usual on Thursday, and the usual "Mr Speaker," "The Gentleman from Polk," etc was heard echoing through the Hall. It appears that the editor of the proposed *Legislative Reporter* and present editor of the [illegible], had slept with "Bascom" the night previous and rising at a late hour sought the usual place where his morbid soul could feed on "constitutional crumbs" and patiently awaited the coming of the mighty hosts which were expected on or *about* the 4th of March, 1869. He took a seat in the gallery and quietly awaited their coming. It was announced on the streets that the House had reassembled, and as a matter of course everybody went to see, and lo! there sat one of the leading Democratic editors perched in the gallery, all solitary and alone, beastly drunk and fast asleep! It was one of the most comical sights I ever witnessed, and produced more fun than any act before played. He remained [illegible] nearly all day. In the afternoon a photographist was procured, and the shadow of this exponent of Democratic principles and representative of the "white man's Government," was secured, and will soon be offered for sale at the principal groggeries in order to raise funds to reimburse the members for expenses incurred or to be incurred, at the coming session of March 4th, 1869.

OREGON CITY, Oct 31, 1868

EDITOR OREGONIAN:

Our town has presented a very lively appearance during the last week. The Circuit Court has been in session, and the amount and importance of the business before the court is greater than usual. A number of indictments have been found—one calls in question the legality of the road on the bank of the river at Oswego, which has recently been fenced up by Mr Trullinger, but the most important case was that of a Mr Stone vs the Factory Company, in which the plaintiff sued for the damage occasioned by the loss of his hand in the machinery and recovered a judgment for $5,000. It will probably go to the Supreme Court.

About a hundred men are at work on the railroad, nearly all imported and said to be intensely Democratic. If they are permitted to vote you will hear from old *Boo foo*, of the *Herald*, that there has been a great *change* in Clackamas and large Democratic gains.

Grover was advertised to speak at 1 o'clock Thursday but having no hearers at that hour the time was changed to evening when the species turned out and listened to the same speech that he made in Portland. Gov Gibbs answered him and exposed his sophistry and proved by the records that Grover told many falsehoods for the purpose of deceiving the people. It was the largest and most enthusiastic meeting ever held in Oregon City—every part in the Court House was filled and many stood in the hall, unable to gain admittance. The Governor spoke for over two hours and was frequently and loudly applauded. At the close nine hearty cheers were given for Grant and Colfax, and the speaker.

Mr Dolph was loudly called for and he addressed the audience in his usual forcible style for another half hour.

The Legislature

The following is perpetrated by the Albany *Register* and is extremely well done:

The wheels of legislation came to a dead lock on Monday. Nearly all the Republican members of the House resigned their seats on that day, which leaves the branch without a quorum. There being no quorum the House can transact no business, neither can it adjourn *sine die* and unless the Governor orders a special election, which he will not be likely to do the members can only meet and adjourn from time to time for the next two years. This would be a "good thing," if it were not for the fact that the pay of the members ceased with the expiration of the forty days—the time allowed by the Constitution in which members of the Legislature could sit and draw pay. There's the rub. Our Democratic friends in the Legislature had the "dead wood" as they styled it, on the Union men, and they used it during the forty days session with a liberal and unsparing hand. They, having the majority, retarded legislation, threw every obstacle in the way of the transaction of any important business, [illegible] action on the final passage of the appropriation bill, refused to adjourn until at last after forty three days spent in futile attempts to get the Democratic majority either to transact business or adjourn, patience ceased to be a virtue and the Republican members "threw up the sponge," left the Democracy to run the [illegible] and went home. And that's what's the matter with the Legislature.

The Democratic members of the Oregon Legislature are to be pitied. A larger portion of them were born in early life and as soon as they became [illegible] were sent to the Legislature. Feeling the importance of their position and knowing that the eyes of the civilized world were upon them, they determined to show by their acts that they were equal to any and every emergency. They first [illegible] the Federal Government in battle [illegible] by the single act of withdrawing the consent of Oregon to an amendment already incorporated and made part of the Constitution of the United States, and the Government at Washington [illegible] they pay their respects to our two honorable Senators, terrifying them so that [illegible] write their resignations [illegible] [illegible] ... [illegible] ... [illegible] as to rural [illegible] ... [illegible]

The Chicago [illegible] says that Chapman in pressing his China Tax bill in our Legislature evidently aspires to become Head Centre of the Oregon Democrats.

New Eyes and Perfect Sight.—Mr L Frankel the practical and scientific Optician of San Francisco will be at The Dalles until Saturday next, will go thence to [illegible] where he will stay two days and will go then to Walla Walla where he will remain five days for the purpose of supplying those that require assistance to their sight with his celebrated Russian Pebble Spectacles and Eye Glasses which not only give perfect vision but will [illegible] the sight. Mr F has also a superb selection of [illegible] Opera, Field and Marine glasses, Medical [illegible] Microscopes and Optical Instruments of all descriptions.

[illegible] has now taken the place of all [illegible] Mucilages.

The following is an extract from a private letter written by the Proprietors of the Plantation Bitters:

We had no conception of the wide-spread suffering which exists [illegible] the Plantation Bitters [illegible] them to us. When we find that every [illegible] weak child, an ailing parent, a debilitated aged [illegible] need this tonic [illegible] that its popularity has grown [illegible] single month [illegible] and we are glad to know that they have done so much good.

IT IS AN INVARIABLE LAW OF NATURE that every human being shall do those acts which he thinks will secure good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of. In conformity with that law, it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of. The fair sex, who certainly are always most happy to comply with all things beneficial to themselves and families, should not fail to examine the fine and extensive stock of Kohn & Fishel, and they will confess their stock of Dry Goods to be of superior quality and at figures below other houses. Men, more bold and less calculating than our fair ladies, should be reminded that Kohn & Fishel are the leaders of fashion, the lowest in price, and no man should wear clothes unless they are purchased at Kohn & Fishel's, No 91 Front street.

Real Estate Investments.—We present a few facts to the notice of those business men who never find time to investigate the great probabilities of making profit in the purchase of city property [illegible] has been erected during the past [illegible] over [illegible] hundred dwelling houses, yet by inquiring at the numerous real estate agencies you will find that there are no desirable houses to rent—that is for residences. After you have learned these facts the question will naturally arise in your mind who has built these new houses, who are occupying the old ones, and who is there that would rent if good, commodious and comfortable residences were to be had? Study the subject and you will find that the great and increasing growth and improvement of this city is no chimera. Calculate upon it and you will find that all investments in sold [illegible] pay a rent [illegible] and a half per cent per month [illegible] condition of tenants and [illegible] Look at the [illegible] this rent will be constant [illegible] will find that this [illegible] third [illegible], what have been the causes of the steady and gradual rise in the value of city property and see how many of the same [illegible] continue to act in the same direction. And after all these things have been pondered upon, we are [illegible] you will no longer remain dead and inactive, [illegible] opportunities now offered you for [illegible] the many [illegible] California capitalists and [illegible] and allowing [illegible] the East to make their [illegible] direct from the East to [illegible] in such a manner that they immediately realize [illegible] and fifty per cent. profit, and in [illegible] their money in one year while you who are [illegible] increased trade and demand allow these great [illegible] investment to pass unnoticed. You daily and [illegible] the West Side and East Side roads; do you ever consider what influence they have upon the value of property. You constantly read of the [illegible] Central [illegible] and Company and the [illegible] roads [illegible] ever think that strangers, immigrants and other capitalists know anything about the advantages derived from great roads of this kind [illegible]. Do you ever [illegible] into a new country [illegible] without railroads, and a few years [illegible] after you left that your old lot which you were glad to sell for a few hundred [illegible] several thousands, and you ask [illegible] "what was the reason?" The telegraph [illegible] the news that some Western [illegible] have built a road through that little vil[illegible] thousands of inhabitants! You hear of men [illegible] up lands on the Sound [illegible] the terminus of the railroad may some day be there. Did you ever think that in this city you live in, some man is going to do what you can and [illegible] hold and own the [illegible] by experience [illegible] such is the most [illegible] as gold or silver lands have [illegible] equalled. Ask yourselves if the growth [illegible] and stability of the United States have not been [illegible] in the great railway systems penetrating [illegible] and cross[illegible] its length and breadth. Then [illegible] how many of the wealthy men of this republic have made their [illegible] of the [illegible], and how [illegible] of the comfortably wealthy men of the East have made their [illegible] out of [illegible] in land and its rise in value from the fact of ready and perfect [illegible] being established with good markets. If, however, you entertain any doubts about the [illegible] of one or both of these roads, you had better [illegible] still another year, let property have a little [illegible] to increase in value, and then [illegible] invest your money. We are inclined to think not. As soon as this [illegible] is made public as soon as these advantages are demonstrated by [illegible] these [illegible] capitalists of whom you hear [illegible] persons that you [illegible] at the [illegible] [illegible] titles and location [illegible] their [illegible] and will reap their [illegible] dollars and cents, as they have in all the new grand [illegible] of the West [illegible] were [illegible] but towns and [illegible]. When you have considered these things, [illegible] are to be had such things as [illegible] and you can have made those [illegible], you will be in a condition to inquire into [illegible] all the railroads, and to determine in what way you can [illegible] and make it to your advantage, and which of the [illegible] will be of the most benefit to your [illegible]. Real Estate Investments.—We present a few facts to the notice of those business men who never find time to investigate the great probabilities of making profitable investments in the purchase of city property. There have been erected during the past summer over [illegible] hundred dwelling houses, yet by inquiring at the different real estate agencies you will find that there are no desirable houses to rent [illegible] you have learned these facts the question will [illegible] your mind [illegible] built these new [illegible] who are occupying the old ones and who are the others that would rent if good commodious and comfortable residences were to be had? Study the subject only a while and you will find that the great and increasing growth and improvements of this city is no chimera. Calculate upon it and you will find that all investments in residences pay a rent which is equivalent to one and a half per cent per month [illegible] the occupation and condition of tenants and you will find that the rent will be constant. Again consider what has been the reason of the sudden and what has been the cause of the steady and gradual rise in the value of city property, and see how many of the same influences are now at work in the same direction. And after all these things have been pondered upon, we are assured [illegible] remain dead or [illegible] overlooking the great opportunities now offered you for investment [illegible] California capitalists and strangers arriving from the East to make their investments here in such a manner that they immediately receive twenty [illegible] fifty per cent profit, and in some cases treble [illegible] in one year, while you who are waiting for [illegible] trade and demand allow these great chances for [illegible] to pass unnoticed. You daily and hourly [illegible] talk of the West Side and East Side roads [illegible] what influence they have upon the [illegible] value of property? You constantly read of the Oregon [illegible] Railroad Company and the Ben Holladay & Co [illegible] do you ever think that strangers, immigrants and capitalists know anything about the advantages [illegible] derived from great roads of this kind coming [illegible]? Do you ever remember to have [illegible] a new place without railroads and a few years [illegible] that your old lot which you were probably [illegible] to sell for a few hundred dollars had been sold for [illegible], and you ask yourself what was the [illegible] which wafts to your astonished [illegible] some Western company have built a road [illegible] village, and that now it is a city with [illegible] inhabitants? You hear of men buying [illegible] ground for investment, perchance the [illegible] the railroad may some day be there [illegible] think that in this city you live in [illegible] to do what you can and should do—take [illegible] the property which all Europe and America [illegible] have demonstrated is an investment [illegible] fabulous gold or silver leads have never [illegible] yourselves if the growth, prosperity and [illegible] of the United States have not been owing to the [illegible] systems penetrating, radiating and cross[illegible] and crossing. Then, in your remembrance [illegible] of the wealthy men of this republic have made [illegible] of the traveling public, and how many [illegible] wealthy men of the East have made [illegible] of investments in land and its rise in [illegible] the fact of ready and perfect communication [illegible] with good markets. If however you [illegible] any doubts about the success of one or [illegible] of these roads, you had better stand still an[illegible] but property have a little better chance [illegible] value, and then what? Invest your [illegible] are inclined to think not. As soon as this [illegible] is made public—as soon as these advan[illegible] demonstrated by proof, those men—those [illegible] whom you hear indefinite rum[illegible] that you hear are inquiring about the condi[illegible] and location will have made their invest[illegible] will reap their reward in the shape of profit in [illegible] as they have in all the new great cities [illegible] were in a time that you can well re[illegible] towns and villages. When you have con[illegible] that; when you are convinced that there [illegible] such things as profitable investments, and [illegible] in these investments you will be in a [illegible] to inquire into the exact progress of the rail[illegible] to examine in what way you can assist them [illegible] it to your advantage, and which of the roads [illegible] most benefit to your property. And till [illegible] you no harm, and may be the means of [illegible] city and your State great service by support[illegible] and assisting all great and valuable [illegible] in all legitimate ways.

He alluded to Seymour's [illegible] opposed soldiers voting while in the [illegible] soldiers to Meade at Gettysburg, [illegible] were needed, and replied to Lin[illegible] could not send soldiers until the [illegible] that he had authority to do so [illegible] had fought twenty-three battles and [illegible] that there was luck in odd [illegible] his greatest victory would be on next [illegible] his speech with a glowing eulogy [illegible] qualifications and services of Grant [illegible] heartily cheered, and at the conclu[illegible] were given for Grant and Colfax. To all Persons having Demands on the United States or on any State

BOUNTY LAND GRANTED TO ALL PERSONS serving in any War in which the United States has been engaged, to 3d March 1855. Teamsters are entitled who served in the Mexican War.

PRIZE MONEY paid all persons attached to vessels or squadrons which captured Prizes during the late War. The undersigned has a PRIZE LIST.

Several **SPOLIATION CLAIMS** were referred last Session of Congress to the Committee on Claims in the Senate with prospects of payment. More such are desired by the undersigned.

PENSIONS are increased under recent Act of Congress (governed by wound or disability) to $15, $40 and $25 per month and paid, in case of death of soldier to mother, father, brother or sister—the arrears back to time of discharge or death of soldier to be paid by Pension Agent there and by the Third Auditor's formerly. Many persons who are now receiving such aid are not aware that they are entitled in some cases to a large amount of back pension. Heirs [illegible] entitled to a pension had better apply to the undersigned who gives gratuitous information touching it.

BOUNTIES obtained when Discharge is lost as well as with the discharge.

The Oregon, Washington and California Indian War Debts are being paid [illegible] Hundreds of these claims are yet in circulation which have been suspended for want of additional evidence or abandoned for want of perseverance to urge them to payment. The undersigned has collected many claims which have been abandoned by agents and owners and he therefore requests all persons having such demands on the government or on any State, to give him a call.

PATENTS on improvements and inventions obtained in the shortest time possible.

CHARTRES COFFEE!

Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very fact of [illegible] though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

LATE EASTERN NEWS

By Overland Mail

[illegible]

Lexington, Ky, Oct 15 — The victory achieved by the Republican party [illegible] the rebel Democracy of the State [illegible] Kentucky [illegible] they have no reluctance in saying that their party [illegible] call another convention and nominate Salmon P Chase for [illegible] with Hendricks [illegible] for the Vice President deeming this course the only hope [illegible] salvation for the party. They say that in the event that a movement [illegible] is not consented that the name of the Democracy [illegible] at forever and that the glorious [illegible] Commonwealth of Kentucky which stood [illegible] fully on the ground of neutrality during the late rebellion and has since stood up in support of the rebel Democratic party will give Grant and Colfax a majority in November. We are informed to night by a leading rebel Democrat that in his opinion the nomination of Seymour and Blair will ultimately drive the name of Democracy at the lowest pits of degradation

THE TALK AT WASHINGTON

WASHINGTON D C, Oct 15 — The World's acknowledgment of defeat with Seymour and Blair as telegraphed to the evening papers here has formed almost the sole subject of conversation. The Democrats are *all by the ears* over it. Comparatively few have been in the secret here but they have been vigorously working in the matter since yesterday afternoon. Since the move became public it has excited bitter discussion among those Democrats not in the ring. By many the *World* is stoutly denounced for proclaiming defeat in such an open manner. Those who think a change in candidates desirable are divided into several cliques, one set being in favor of putting Hendricks with Chase, another Chase first and Hendricks second, others Chase and Hancock and the reverse, and others still, Chase and Ewing, while the party who profess to be manipulating the thing here say they are for Chase and Franklin. In the meantime it has transpired that Mr Chase had not been consulted by them before public talk began here, and further, that the Chief Justice only a few days ago declared that the platform as it stands would certainly defeat the party. The organ of the Democratic Committee here prints the despatch giving the points of the *World's* article but makes no comment, except that in a general editorial on the elections, it declares its abiding faith in the present leaders. It is said to night that the *Intelligencer* will sustain any man for a change, as it is known that it now considers the situation hopeless. Two leading Democrats, who were earnest for Chase at the convention, have declared that if the ticket is now changed, and Chase put at the head, they will take the stump for Grant. General Rosecrans says unhesitatingly that it is too late; that if the matter had been arranged beforehand for Chase and Hendricks or some such ticket it might have been put on the track with some chance of success, but that now, no matter what is done, crowds of Democrats will go over to Grant. He says the whole party machinery is apparently in the hands of Copperheads and rebels. They will not consent to any change. Numbers of the confidential friends of the President say the movement would accomplish nothing

PROCLAMATION OF THANKSGIVING BY THE PRESIDENT

In the year which is now drawing to its end the art, the skill and the labor of the people of the United States have been employed with greater diligence and vigor, and on broader fields, than ever before, and the fruits of the earth have been gathered into the granary and the storehouse in marvelous abundance. Our highways have been lengthened, and new and prolific regions have been [illegible]. We are permitted to hope that long protracted political and sectional dissensions are, at no distant day, to give place to returning harmony and fraternal affection throughout the Republic. Many foreign States have entered into liberal [illegible] with us, while nations which are far off, and which, heretofore, have been unsocial and exclusive, have become our friends. The annual period of rest which we have reached in health and tranquility, and which is crowned with so many blessings, is, by universal consent a convenient and suitable one for cultivating personal piety and practising public devotion. I therefore, [illegible] and that Thursday, the 26th day of November next, be set apart and observed by all the people of the United States as a day for public praise, thanksgiving and prayer to the Almighty Creator and Divine Ruler of the Universe, by whose ever-watchful, merciful and gracious providence [illegible], States and Nations, no less than families and individual men, do live and move and have their being

In witness whereof, I have hereunto set my hand and [illegible] the seal of the United States to be affixed. Done at the City of Washington this twelfth day of October, [SEAL] in the year of our Lord, one thousand eight hundred and sixty-eight, and of the Independence of the United States the ninety-third.

ANDREW JOHNSON

By the President:

WILLIAM H SEWARD, Secretary of State

THE INDIANA LEGISLATURE

INDIANAPOLIS, Oct 15 — The Legislature stands — Senate, thirty one Republicans to nineteen Democrats. House, fifty five Republicans to forty three Democrats

THE NEBRASKA LEGISLATURE

OMAHA, Oct. 15.—The Republicans elect twelve State Senators and thirty-five members of the House. The Republicans elect one State Senator and four Representatives.

THE VOTE OF CINCINNATI.

[From the Chicago Tribune, Oct 16th]

The vote of Hamilton county, Ohio, which contains Cincinnati, was as follows on Secretary of State

Sherwood [illegible]	22 771
Hubbard, Dem	20 920
Republican majority	1,842
Total	43 700

Last fall the vote of Governor was

Hayes, Republican	19 961
Thurman Democrat	18 4[illegible]
Republican majority	1 5[illegible]

The largest previous vote was that cast in 1866, which was 40 459

The total vote in the city of Cincinnati, on the State ticket was 31 857, divided as follows

Sherwood, Republican	17,004
Hubbard Democrat	14 8[illegible]
Republican majority	2 1[illegible]

This is the largest vote that has ever been cast in the city

The vote for Congressman on Tuesday, was as follows

FIRST DISTRICT

Strader	10 479
Eggleston	10 276
Majority	203

SECOND DISTRICT

Stevenson	11 673
Cary	11 143
Majority	530

While we regret the defeat of Eggleston it is a source of considerable satisfaction that the worst demagogue in the United States, Cary, is defeated. That windmill so long run by water will stop for a while. We presume he will be at liberty now to state whether he is for Seymour or Grant. We trust his choice will not fall on the latter

BRICK POMEROY IN NEW YORK

[From a late New York Letter]

The history of journalism in this city furnishes no parallel to the success of the *Democrat*, Brick Pomeroy's paper. Most publishers have recognized the necessity of sinking a few thousand dollars when they brought forth Vol 1 No 1, but the *Democrat* found a large niche already carved out for it. The *Town*, the *Horse Car*, the *Last Sensation*, the *Police Gazette* and many others which have been suppressed by the police for their brutal obscenities and indecencies while they lived created and fostered the taste for the coming *Democrat*, consequently the very moment Pomeroy announced his intention of starting a paper his subscription list began to elongate. The [illegible] the *Round Table* and the *City Fair* were compelled to succumb for want of patronage, but an editor who glories in sacrilege, defies the Creator, traduces the greatest patriots, turns his [illegible] and [illegible] all the finest feelings of humanity has [illegible] in his mouth. Is it to be wondered at that a city that will demand 50 000 copies of such a journal every day for its brothels [illegible] and gambling dens will give 50 000 Democratic majority? In no civilized city under the sun except this could the [illegible] live an hour [illegible] here it was a success before it [illegible]

[illegible] their [illegible] ago

GRANT AT [illegible] When Gen Grant [illegible] military rule. It secured his army from the North and its supplies. If not an immediate success it must end in overwhelming disaster. All his officers, Sherman, McPherson, Logan, Wilson, all able men, all attached to their commander and anxious he should not fail, argued the points against the project. Sherman after reflecting could not restrain himself from renewing the debate. Grant knew his friendship, his sincerity and his ability. Sherman even rode up to Grant's headquarters the next day and presented his views respectfully of course, but earnestly, as an earnest man does everything.

He assured Grant that the only way to take Vicksburg was to move on it from some high ground as a base on the north. This said Grant will require us to go back to Memphis

Exactly so, said Sherman, and set forth his reason with the intensity of conviction and the ingenuity and ability of an able soldier

Grant replied, I shall take no step back ward. It would seem to the country now discouraged, like a retreat. I have considered the plan and have determined to carry it out

Sherman left, but the strength of his convictions, the vast importance of the movement to the nation and the army would not allow him to leave the subject thus, and he carefully committed his views to paper and on the 8th of April forwarded them to headquarters.

And here is one of the points of moral grandeur in the career of Grant. They who would understand his character should observe him at this juncture. This single man, newspapers, politicians, army officials at Washington, clamoring for his removal, he acknowledging his failure thus far, his present plan opposed earnestly by all his officers, sees the path of duty before him gleaming with light in the surrounding darkness and walks in it with unfaltering step. How many men were there in the country who would have gone on?

A tombstone in a village cemetery in the interior of Pennsylvania is adorned by a piece of sculpture, which brings in relief a colt, a boy and a tree. The colt is represented as kicking the boy in the stomach, and the epitaph is thuswise

Mr Zachariah Wilson, Portland, Oregon, writes:

"It requires an article of real merit and intrinsic value to sustain itself during the stormy ordeal of public experiments. Murray's Improved Magic Oil has stood the test of time and has not been found wanting. The astonishing efficacy that I experienced—its curing me of Chronic Rheumatism and Lumbago of long standing entitles Dr Murray's Premium Lung and Liver Balsam and Improved Magic Oil to a high rank in the list of remedies for Rheumatism, Lumbago, Ear-ache, Distressing Pains, etc

John English of Howell Prairie, Marion county, Oregon writes:

I was taken with a severe attack of Rheumatism in my knee joints and extremities accompanied with a severe cough for two months so that I had to use crutches, meanwhile trying all remedies in common use. Your Magic Oil and Balsam gave me instant relief and I was able to walk in four days without crutches. I have not felt any rheumatism since. I have seen your family medicines used with excellent success. I have no hesitancy in saying it is the best preparation for family use ever tried for those complaints. I am now on my way to South America after residing in Oregon twenty years. I must now have two dozens Balsam and two dozens of your Magic Oil dollar bottles, as I am sure they are the best remedies in Oregon and I would not be without them in my home, and when this package of medicine is exhausted I will send to your office in Portland for a fresh supply.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR HOSTETTER'S STOMACH BITTERS

Although the fame of this renowned Invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint and intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which as a sex they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere

Farmers of Oregon!

CASTONS'S X-L-SIOR

BROAD-CAST GRAIN-SOWER.

THIS VALUABLE LABOR SAVING MACHINE which has already been adopted in nearly every Agricultural county in the State of California, and in every county where it has been presented, has been brought to Portland by

MR. JAMES BRUSIE

who holds the exclusive right for the sale for the State of Oregon, and is now ready to accommodate the farmers of this State with [illegible] and to sell county rights to manufacture the same

This machine saves the entire cost and labor of sowing a field by [illegible] the cost of a machine—the same team being used for sowing and harrowing as is used for harrowing alone, the farmer or his boy riding and driving his team instead of walking and carrying his heavy sack and then walking and dragging his grain in

The inventor of this valuable aid to farmers is a man of large experience in seeding machines, and has happily succeeded in this invention in producing a machine which, while it carries the farmer as if on a sulky, sows wheat, barley, oats and peas with greater regularity than those sown by hand, and at the same time the harrow attached to it, immediately behind, covers the grain and the labor is done. Any intelligent farmer who has ever carried a sack and sowed grain will readily see that the X-L-SIOR Grain Sower will save the cost in labor alone—to say nothing of its saving in seed—[illegible] but few acres and we have placed a [illegible] estimate upon the enterprise of our Oregon farmers if this machine is not generally adopted in this State as it has already been in California where the farmers write to the inventors respecting it after this manner

LINCOLN (Placer Co) Sept 5, '68

MR H A CASTON—*Dear Sir* I have two complete machines X-L-SIOR which I challenge the State to beat for sowing grain. I have not as many fingers in the shaft as you directed, but *I do not want my machines to sow any better than they do. I have sowed and grubbed them perfectly.* T C PURINGTON

By addressing or calling upon Mr. Brusie at [illegible], corner of First and Morrison streets in this city, machines or County Rights to manufacture and sell the machines can be purchased at reasonable rates

IN THE TRIUMPH OF

REPUBLICAN PRINCIPLES

THE IRISH REPUBLIC NEWSPAPER, PUBlished in New York City, is devoted to the promulgation of the principles of the Republican party. It is now engaged in a bitter and most arduous struggle with all the reactionary elements which have so long controlled the votes of a large class of citizens of Irish birth. Its circulation and influence are being widely extended, but as in all such enterprises the results are all consumed in the efforts at maintaining and extending that influence. The paper is a large and handsome Weekly, published at a subscription price of five dollars per annum. We propose to devote our columns to the great work of the pending campaign. We will send the *Irish Republic* for four months [illegible] in packages of ten and upwards.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter through Wells Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn to certificates, lure the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their [illegible] occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure

EXTINGUISHER

PORTABLE

SELF ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in an instantaneous manner than has hitherto been discovered

The advantages to be derived from the use of the EXTINGUISHER are as follows

Every fire begins on a small scale, and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay in checking it is of the utmost importance) no means are ready at hand

The EXTINGUISHER is the only Engine that fills this requirement

It is always ready for use, though standing unused for years

It puts out Fire instantly

It saves the great deluge of water now used for this purpose

It is as effective in the hands of a Boy as the most experienced Fireman

It is portable and as easily handled as a bucket of water

It possesses within itself the power of a force pump and as effective as a Steam Engine

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtha [illegible] materials now in common use
